The Silver Key and Keystone corporations are among the oldest in the Park. They were both capitalized at 200,000 shares. The purchasers acquire practically all of the Silver Key stock, which belonged to an Illinois estate represented by one of the principal heirs, Frank M. Greene. The holdings of the Keystone were more scattered, and the purchasers succeeded in locating and buying something over 150,000 of the 200,000 shares in that company, with Mrs. Sarah Daft of this city as the chief vendor.

#### M. P. GILBERT'S LATEST DEAL.

He Turns Over Valuable Gold Property to Easterners For \$500,000.

To M. P. Gilbert, the well known mining operator and promoter of this city, belongs the credit for making one of the best and biggest deals in gold property that has been consummated by western talent in a long time. Last spring he went to work rounding up a most promising group of gold-bearing claims in the vicinity of the Gold Road mine, in Mohave county, Ariz. He se-cured a bond, went to work, and, after

satisfying himself that he had a good thing, he presented it to Phildelphia talent a short time ago.

Within the past thirty days a sale of the property has been made for \$500,-000, a company has been formed and the whole propositions in the northwest.

Century rose from \$1.01 to \$1.15 and then slid back to \$1.04 though the talent is banking on its going up again to greater heights than it has recently registered. The Park City stocks, some of which are unlisted and consequently dealt in on the open board only, have been most lively and prices in them have uniformly advanced. Daly has been doing business from \$2.02 to \$2.00, the former figure prevailing at the close. California has been lively at 25c to 30c, with a final sale at 23%c. Comstock has been in sharp demand at \$1.25 to \$1.34, while Wabash has fluctuated between \$2.49 and \$2.70, closing at \$2.65. M. & M. has been going at \$6c, while New York Bonanza, brought out for the first time on Thursday, has moved up from 50c to 56c. Daly-West began the week at \$51.40 and closes with sales at \$22 and \$2.10. Daly-Judge has also shown a marked improvement, opening with sales at \$11.50 and closes with sales at \$2.10. The fate of the pending deal on the property will be known on Tuesday, at which time the first payment on the set purchase price is to be made.

Mammoth, with most excellent reports coming from the mine, has advanced from \$1.37, to \$1.45 and closes near the latter figure. Lower Mammoth has also been stronger during the past few days, the showing in that property also being much better than for some time past. It slumped off early in the week, but quickly recovered and closed with sales around \$6c. It touched the same figure on Tuesday.

May Day has been weak and not very active. Tuesday it touched 26c and yes.

# How Cure Weak, Puny Men

If there is a spark of vitality in the veins of a weak, puny man, I can fan it into a flame and produce a physical giant.

This refers to men who ought to be strong and have lost their physical strength by overstepping the laws of nature.

Any man who has ever been strong can be again. Age is no barrier. I deal in vitality, and I can give it to a man of 30 as well as one of 30.

The energy of your body is Electricity—that is what makes you go; just as an engine goes. When you run down I can renew your power and set your body going again.

Give me a man of 50 feeling old and worn out, with pains in his back and joints. I can pump a stream of Electricity into his body for a few hours every night and soon he will feel as strong and light-hearted as he did at 30.

"Your Belt cured me of Rheumatism in a very short time."

HORACE BECKWITH Welton, Wyo.

Give me a man (or woman, for that matter) who has been sick and suffering for years, and has taken medicine until the system is all run down and debilitated, the stomach unable to digest the food and the nerves shattered. My Electric Belt will give new life to every organ, drive out disease, and restore health.

"Your Belt has fixed me up all right. I was troubled with Railroad Back," writes

I sometimes wonder how people can be skeptical as to the power of my Belt to cure them, when they know that the foundation of their trouble is a want of sufficient vitality in some part of the body, and it will take a sensible man only a minute to see that the vitality of the body is electricity. So, get that back, as I give it, and you are cured. My patients are the people who have made a study of their own cases. When they do that they appreciate my remedy.

"Your Belt has cured me of Lame Eack in a very short time," writes

people who have made a study of their own cases. When they do that they appreciate my remedy.

"Your Belt has cured me of Lame Back in a very short time," writes BERNARD SMITH, Cheyenne, Wyo.

I could fill this paper with testimonials from honest people. If you will call or write I will give you names of people all about you whom I have cured.

Every day I take in exchange eld belts of cheap makes which have fallen to pieces or lost their power or give no current, or, if they did, burned or blistered. All these defects I have overcome in mine, and I take the others in trade to prove it.

If you have an old belt of another make which

has failed to please you, bring it in as part payment. I have a book which will inspire a man or woman who wants health and strength. I will send it free, sealed, upon request if you will inclose this ad.

CAUTION

Beware of medical concerns offering "Electric Belts Free" and the Professor with his chean Belt. This offer is only a trick to folist a package of medicines upon you C. O. D. Write to me for an explanation of the trick.
